SUMMARY

Full Stack Developer with a strong interest in web and mobile application development. Skilled in React, Laravel, and Flutter, with experience building responsive interfaces and backend systems. Adaptable, eager to learn, and able to work effectively in a team to deliver efficient digital solutions.

EXPERIENCE

Full-Stack Developer Trainee | DBS Foundation & Dicoding Academy 02/2026 - 04/2026

- Developed a full-stack web application using React.js for the frontend and Express.js for the backend.
- Created RESTful APIs to manage user authentication and secure data storage.
- Implemented CRUD features and optimized database performance for efficient data processing.
- Collaborated with team members in an agile environment to complete the final project on time.
- Applied problem-solving and debugging skills to improve system functionality and user experience.

OSIS Member | Creativity & Entrepreneurship Division 2024 - Present

- Contributed ideas and planning for school creative and entrepreneurship programs.
- Collaborated with team members to organize events and activities.
- Improved communication, teamwork, and problem-solving skills through organizational responsibilities.
